

**Conceptual Model for Fire Data project**  
**Core Science Team – Special Optional Meeting on Remote Sensing**

**March 26, 2021 – 200 to 330 pm MDT**

<https://www.wrapair2.org/ConceptModelFire.aspx>

Agenda

- 1) Welcome, introductions, agenda review (5 mins.) – Tom Moore
- 2) Review slides diagramming current draft of Conceptual Model, emphasis on remote sensing inputs (20 mins.) – Matt Mavko
- 3) Invited Expert discussion (Amber Soja, National Institute of Aerospace (NIA) [Resident at: NASA Langley Research Center]) on Remote Sensing applications in proposed draft Conceptual Model for Long-Term Fire Data - (30-40 mins.) – Tom, facilitator
- 4) Next Steps (5 mins.) – Tom and all
